In January, HUD released the [CoC Registration Opportunity](#) that provides general instructions to this year’s competition. In preparation for the upcoming FY2017 CoC Program Competition, Tarrant County Homeless Coalition (TCHC) is requesting verification of new and renewal projects; and to identify voluntary reallocation that could allow for new projects. New in FY2017, HUD has created a new housing type “[TH/PH-RRH](#)” that may provide flexibility for some agencies to adapt to changing best practices in delivery of housing services. **Be sure to review the [TX-601 Reallocation Policy](#) and [Project Ranking Policy](#) for this year’s competition prior to completing this form.**
